No you won't let me go

When the tears fill up my eyes

When I've failed a thousand times
When the pain is just too strong
You see it all, You see it all
There is no place I could go
I have nowhere to hide from you
Even when I feel alone
There is no way to hide from you

Eb F
Fearfully wonderfully
 Gm F/A
You made me and you'll never leave
Eb F
Oh still my heart my eyes to see
 Gm F/A Eb F
You made me and you'll never leave me
